

MedZon Health^{*}

A Burgeonstar Company

OUR LOCATIONS

Our headquarters, in Orange County, California, is the anchor to our national network in the United States. We operate as a 24/7 supplier for any urgent needs that may arise. Our global footprint includes offices and manufacturing plants in the **United States, Turkey, Thailand, Malaysia, China, South Korea, and Japan**. The subsidiary Rogex* was established to operate air, ocean, and ground distribution. We are here to meet our unified goal of delivering excellence, by ensuring rapid delivery to our US partners.

ABOUT US

MedZon Health* is a Global Medical Supplier, a leading innovator of medical supplies.

MedZon Health* is taking unprecedented measures to ensure that vital medical supplies are kept in-stock and available. Our purpose is to keep those on the front line of healthcare equipped and safe. Our team is accessible and available to assist any time of day.

MedZon Health* partners with developers and manufactures to source medical products of the highest standards.

OUR CORE VALUES

Vision: "To be the world's leader in Medical Supply Products."

Mission: "To develop and produce the finest and highest quality medical products in the industry while delivering first class service to our clients."

A TRADITION OF CARING - 3 Main Attributes

The industry MedZon Health* serves is a demanding and emotional one, as it addresses the challenges of a universal reality – human healthcare. At some point in our lives, all of us will need care that restores and sustains us. At MedZon Health*, we aim to make our products the very best in the industry. This is what drives us – the fact that what we do, and how we do it will directly impact the lives of others. The commitment of MedZon Health* to be an exceptional company and fulfill our promise to truly impact the lives of others pertaining to healthcare. Like many leading companies within the industry,

MedZon Health* prides itself on **three main attributes:**

A TRADITION OF CARING - People

PEOPLE

We acknowledge that people are the heart of all that matters at MedZon Health* – the customers/patients whose care is entrusted to us through the use of our professional products. Each step we take is guided by respect, compassion, and empathy for others.

- **People First**
- **Honesty and Integrity**
- **Knowledge**

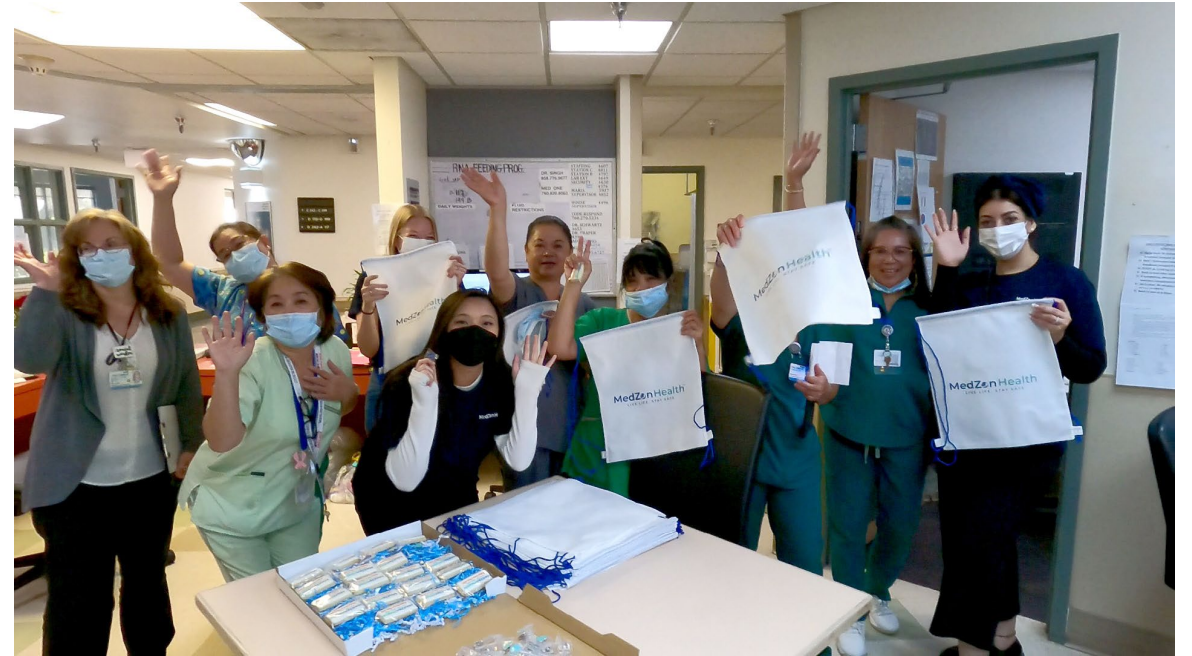

A TRADITION OF CARING - Passion

PASSION

We will aggressively pursue innovative solutions with uncompromising vigor. Our team will demonstrate the highest sense of urgency and quality in each step of the process.

- **Dedication**
- **Unparalleled Service**
- **Teamwork**

A TRADITION OF CARING - Performance

PERFORMANCE

We will bring to market high quality, best-value integrated solutions and products that address the needs of today's Healthcare environment and anticipate those of tomorrow.

- **Product Superiority**
- **Total Quality**
- **Profitability**

Rogex

The subsidiary Rogex* was established to operate air, ocean, and ground distribution to ensure rapid delivery, without delay, to our US partners. We are here to meet our unified goal of delivering excellence.

MedZon Health Life Extension

Bringing Back End of Life Product

MedZon Health* partners with developers and manufacturers to source and produce EOL (end of life) medical products. At MedZon, we take measures into our own hands, helping our clients obtain their everyday medical products. With MedZon Health* Life Extension, we focus on bringing back end-of-life products that are short in supply and/or no longer obtainable elsewhere. Our global footprint ensures fast, reliable production of medical equipment and timely delivery to all our clients located around the world.

GME Added Value

BIOMEDICAL SERVICES & MANAGEMENT

MedZon Health* with General Medical Equipment (“GME Health*”) is the comprehensive answer for all your facility’s medical supply and equipment needs. GME Health* provides expert preventive and corrective maintenance for all general biomedical equipment, sterilizers, labs, and clinics. With a data management program, we monitor and track service records for all inspections to be compliant with Joint Commission standards. We also provide management services for your Clinical Engineering department to operate with cost-saving efficiency and data-driven solutions.

IMAGING SOLUTIONS

GME recognizes the importance of having imaging equipment operating functionally without mishaps or delays. We offer seasoned engineers to guarantee your equipment is available with limited downtime.

ULTRASOUND PROBES PROGRAM

With several packages to choose from, we can cover any of your facility’s specific needs. We will come onsite and evaluate all your ultrasound equipment and transducers to tailor a custom package for your site. We also perform yearly preventative maintenance on ultrasound equipment and transducers.

ENDOSCOPY SERVICES

GME repairs and loans most rigid and flexible endoscopes with overnight shipping nationwide and local same-day delivery if necessary.

CATH LABORATORY SOLUTIONS

GME has cost-effective solutions to transform and revitalize your cath labs into a modernized suite equipped with the latest technologies.
